Denouncing the Monroe doctrine seems to be the popular thing for the German newspapers and jingoes. They are at a perfectly safe distance, but they would not find their ranting so much of a pastime on this side of the Atlantic.

The appeal of President Roosevelt to Congress for alms to the amount of \$3,000,000 for the famine and cholera stricken people of the Philippines does not look as though benevolent assimilation has been a howling success in the islands. If they have been conquered the scourge of war has made the poor Filipino subjects of charity on our hands.

There is no need of the Ohio Republicans going to the trouble of holding a State Convention next summer. It is already fixed that Herrick is to be the candidate for Governor and Dick is to manage the campaign for him. Nothing remains to be done except for Hanna to appoint the candidates for the other State offices. The formality of a convention is wholly superfluous.

Hanna has succeeded in getting General Dick out of Col. Herrick's way for the Republican gubernatorial nomination. But under conditions that should prevail in politics, there still ought to be a chance for Marry Dougherty, Albert Douglas, or some other Republican before the party's State Convention. And there would be such a chance if the party at large had any voice in the matter. But it has not. There is but one voice in control, and that is Hanna's.

Attorney General Knox is trenchant in stating the direction which trust legislation should take. He finds the chief source of enormous profit and the most available means of checking competition in the advantages gained from railroads in transportation rates. But his remedy partakes of that same dilatoriness with which the President was enchanted when he favored a constitutional amendment that would require several years to perfect. Mr. Knox wants another commission instituted to gather information about the rebates and other offenses perpetrated by railroads, which he catalogues with painful detail. Postponement is the keynote of administration policy; any device, any subterfuge to make pretense of activity without accomplishment. What prevents Congress from adding to the Sherman law the scope which it lacks, and then have the law officers seek instant redress against trusts known to violate the act? Justice can work quickly. There is no need of a commission to take months to organize, and then operate leisurely with voluminous reports and large salaries to be the sole exhibit of its existence.

Strikes in Italy.
According to an official report, there were between Jan. 1, 1901, and March 31, 1902, 1,844 strikes in Italy, involving 438,000 men. Two-thirds of these strikes, organized by the Socialists, resulted favorably to the men.

ANTICS OF A DEER.

Went to Church and Then Returned to His Farm.

A full grown buck deer with large antlers followed Nelson D. Ford, a Hall Meadow farmer, and his family to church in Winchester Center, near Winsted, Conn., a distance of five miles. New Year's day, says the New York World. During its several hours' stay in Winchester the animal visited several houses and ate apples from the hands of children, some of whom put their arms around its neck.

The deer returned to the Ford farm the next morning and immediately sought its place among a herd of cattle. Whenever Ford drives his flock of oxen into the woods to get a load of timber the deer always follows.

THE W. C. T. U. LAYING MARINE CABLES

Present Methods Used and Manner of Making Them.

NO MOISTURE MUST REACH WIRES
These Are Made of Copper and Strongly Protected.—The Pacific Cable Enterprise Profiting Greatly by Past Experience—Advantages of Previous Accurate Surveys of Route.

Reports received at Washington indicate that the builders of the new Pacific cable, which has already reached Honolulu and will soon be on its way to Manila and the coast of Asia, are profiting enormously by the cable building experiences of the past, says the New York Evening Post's correspondent. The first consideration is to get a good support for the cable on the bed of the ocean and not to have it suspended in festoons from peak to peak. The soundings of the Pacific taken by the hydrographic bureau of the navy and made available for the Commercial Cable company by agreement are the best piece of work in their line ever done, and accordingly the cable which follows that line will call for less than the usual amount of reaping.

Millions of dollars have been thrown into the ocean by improper cable laying. Companies have gone ahead without any adequate survey and sometimes without any survey whatever. If in paying out the cable the ship came to a place where the bottom of the ocean suddenly rose considerably, the cable would be immediately drawn in at that point and suspended in a long festoon until it was brought to the next point of rest. In laying the first line from Aden to the coast of India the cables were sent out on ships with laying machinery designed for a depth of a thousand fathoms. When the first ship was starting from Aden, a British naval officer came in with the information that the general depth over the route was about double that of the estimate. Still the company went on laying the cable, with the result that it failed very early. It worked well for a time, but its life was short. As cables then cost much more than they do now, it was an expensive experiment.

The working limit today in cable laying is about 3,500 fathoms. The trouble is not in laying the cable, but in picking it up for repairs, and this is about the extreme limit at which it is thought best to operate grappling machinery. This limitation compelled a somewhat circuitous route in the Pacific cable. In the part of the sea between the Midway islands and Guam a submarine depression was found of 5,200 fathoms—almost six miles. That is the deepest part of the surface of the earth of which there is record.

People who know vaguely that a submarine wire is only about an inch thick and looks not unlike an ordinary street car cable have very little idea of the intricacies of its construction. The delicate copper wires which carry the current must be so protected that they can lie for years on the bottom of the ocean and do their work without accident or interruption. Not only strength, but continuity and perfect insulation, are necessary. No moisture must reach the metal.

The cable is accordingly composed of three parts—a core, which is the conductor, made up of copper wire; the casing of hemp, tar and rubber, which protects this from the water, and the heavy steel binding that acts as a shield against rocks, wreckage and the keels of ships near shore. The insulating covering is generally made of gutta percha, but occasionally india rubber is used. A layer of tanned jute yarn covers the gutta percha to protect it from the steel wire casing, which in turn protects the whole from accident, though it has itself to be incased in jute yarn and a bituminous compound to keep it dry.

The cable ship is not only a huge storage department, but a big floating workshop as well. In the hold there are three immense iron tanks, similar to the lead tanks at the manufactory, thirty-four feet in diameter, for the storage of the cable, each having a conical core for guiding the cable while paying it out. The space within these cores is utilized to hold fresh water. The capacity of the tanks in the regular cable ship is about 1,400 tons of cable, this being the equivalent of about 100 miles of ashore cable weighing fourteen tons to the mile or 700 miles of the deep sea type, weighing about two tons a mile.

The cable tanks are all connected by "ways" or troughs, so that a transfer may be made from one tank to another or from any tank to either of the huge paying out machines. Handling of the cable made necessary by such transfer is usually done by means of a small engine connected with a drum and mounted on a truck, by which it may be moved about the deck.

A dynamometer indicates the amount of strain to which the cable is subjected at any moment and also enables the man in charge of the brake wheel to regulate the strain put on by the brake to suit the varying conditions of laying. After having the dynamometer it passes under and over several large rollers which before winding its sinuous way into the sea.

Canon Willing to Perspire.
"You will have to sweat next summer making up to the committee," says Representative Cannon, who is to be the next speaker of the House of Representatives, says the Washington correspondent of the New York World.

"I have been willing to sweat for a long time," says a "pale cook" as he took a first class car of tobacco.

Home Endorsement.
Hundreds of Newark Citizens Can Tell You All About It.

Home endorsement, the public expression of Newark people should be evidence beyond dispute for every Newark reader. Surely the experience of friends and neighbors cheerfully given by them will carry more weight than the intonations of strangers residing in far-away places. Read the following:

Mrs. B. Donahue, 216 North Fifth street, says: "For quite a long time, my kidneys were very much affected, and I had a heavy feeling across the lower part of my abdomen, which made me miserable. Pain across the small of my back was often so acute that I was hardly able to move around and a distressing and annoying urinary weakness accompanied it. A friend of mine, who, by using Doan's Kidney Pills had been cured of backache, advised me to try them; took the advice and obtained a box at Crayton's drug store. First the kidneys were stimulated to a healthy and natural action, then the backache and general feeling of depression left me." For sale by all dealers. Price 50 cents. NOT A NEW QUESTION.

Trades Union Incorporation Was Thwarted Out Long Ago.
Seventeen years ago an old time labor friend of mine wrote me the following, and has many of your correspondents have brought up the matter in your columns I am thinking that he had far-seeing powers:
"The incorporation of trades unions by the state, giving them a practical monopoly and control over their various handicrafts similar to that granted to the medical profession, is a matter for deep consideration. When the capitalists shall be driven to the wall, they will undoubtedly propose such a remedy to the trades unions. But such a piece of class legislation, although acquiesced in with regard to the Jesuitism, would be frowned down upon by the masses and could never be enforced unless the state took charge of all industries."
Thus the whole question of the incorporation of trades unions is not a new one, and in the first place it was not originated by the trades unionists themselves, nor by their friends. It was originated by those who hoped to gain something themselves or by those who are ignorant of the workings of the system which they wish to foist upon us, for its result would be that the unions would be injured in endless litigation. Oh, no! the trades unions will not be caught in any such net as this. They have been wide awake, and that question has been analyzed and discussed in the dim and misty past for all it was worth.—William S. Waudy in New York Times.

BLOOD WINE CURED HER OF GRIP.

"I had the grip and it left me a perfect wreck," says Mrs. Irving Mack of Cambridge, Mass. "My appetite was all gone; my nerves were all unstrung. I was unable to do anything. Everybody said to me, 'You look like a ghost.' I couldn't sleep. I struggled against my sufferings, despite their growing intensity, but I failed completely, and I made up my mind that unless I soon received help I must die. The medicine I took seemed to do me no good, and I was truly a pitiable object. I was white as a sheet and so weak I could hardly walk along the street without staggering. My friends were constantly telling me that I had consumption or some mysterious incurable disease. As I lay in bed, through the blessing of Divine Providence, I heard of the discovery of a medicine which would do wonderful things. This medicine was 'Blood Wine.' I sent for some of it and began to take it, and the result was simply marvelous. As true as I live, that medicine alone entirely cured me and made me a well woman. Lots of my neighbors who know all about it will stand by me in everything I have said. My health is now excellent, and I do my work with a light heart and a strong body. People need not talk about medicine! The medicine for all who are sick is 'Blood Wine.'"

William Siddle, 236 Broadway, Lawrence, Mass., writes:

"I had the grip about three months ago and it left me in a very bad shape. I had an aggravating cough that I could not get rid of. I tried all sorts of remedies, but received no benefit until I used your 'Blood Wine.' It was recommended by my druggist, and I have him to thank for my complete recovery."

Mr. John H. Heatley, 3-45 Brown Bridge, Fall River, Mass., says:

"I am very grateful to my druggist for recommending 'Blood Wine' to me. I was very sick with the grip and did not seem to get well. I became weaker and weaker every day. I can thank 'Blood Wine' for my recovery."

If you want to be cured, to stay cured, to get your system in a thoroughly healthy condition, you can do it with 'Blood Wine,' because 'Blood Wine' begins at the bottom—it abstracts the germs from the blood and gives new life.

FREE BLOOD TEST.

You can have an expert bacteriologist examine your blood under the microscope and give you a thorough and authentic report of what your blood contains, free of charge, by sending your name to the Louis Daudelin Company, Worcester, Mass.

"Blood Wine" costs fifty cents a bottle.

A second set of views showing Tissot's paintings of the Life of Christ will be put on at the Men's Meeting in Taylor Hall tomorrow afternoon at 3:30. This series will illustrate the principal incidents in Christ's three years' ministry in Palestine. With the helpful descriptions with which Professor Hunday introduces each picture the service is made exceedingly interesting and instructive. Several illustrated songs will again be sung. Admission is by ticket only, but is free to all men.

The Boys' Meeting will be held from 2 to 3 as last Sunday. Miss May Lumley has charge of this meeting. All boys are invited.

MAP SHOWING NEW VOTING PRECINCTS

City of Newark Is Now Divided Into Four Wards and Nine Precincts--Boundary Lines of Each Precinct are Shown and Described Below.

The drawing here published shows the four new wards into which the city council has divided the city of Newark and the precincts into which the City Board of Elections has divided the wards. The map was drawn by Charles Wells, the city civil engineer, ward lines being distinguished from precinct lines as indicated in the lower right hand corner of the map.

All of East Newark or that part of the city lying east of the North Fork, constitutes the First ward. The old first ward or that part of the new first ward north of East Main street, will be known as Precinct A, and that part south of Main street, or the old second ward will be Precinct B of the First ward.

The new Second ward takes in that part of the city lying west of the North Fork, east of the center of Sixth street and south of the center of Locust. This ward is divided into three

precincts as follows:

Precinct A, commencing at the center line of the North Fork and Indiana streets, thence south along creek to corporation line; thence west along corporation line to center of Second street, thence north along center of Second street to Locust; thence east to center of Front; south on Front to Indiana, east on Indiana to place of beginning.

Precinct B, commencing at a point where the center lines of Locust and Second streets intersect; south on Second to corporation; west to center of German street; north along center of German to a point where center line intersects the center of Pataskala street; thence easterly along the center line of Pataskala street to Fourth, thence north along center of Fourth to the center of Locust; thence east on the center of Locust to beginning.

Precinct C, commencing at a point where center lines of Locust and

Fourth intersect; thence south along center line of Fourth to Pataskala; south along center line of Pataskala street to the center of German street, thence south along center line of German street to south corporation line; thence west along said line to South Fork of the Licking; thence northeasterly along the center line of South Fork to Sixth street; thence northwesterly along center line of Sixth street to center of Granville street; easterly along center of Granville to center of Locust; thence easterly along center of Locust to place of beginning.

The old Sixth ward will be Precinct A of the new Third ward.

The old Seventh ward will be Precinct A of the new Fourth ward.

Precinct B of the Fourth ward is outlined as follows: That part of the city lying north of the center of Locust street east to the center of Fourth street and west of the North Fork.

An Old Favorite

THE OLD MAID
By Amelia B. Welby

MRS. AMELIA B. WELBY, poet, was born in St. Michael's, Md., Feb. 3, 1812, and died in Louisville, May 3, 1882. Her maiden name was Coppuck. She was carefully educated and was married in 1838 to a merchant of Louisville. In 1857 she began to contribute verses to the Journal of that city, using the pen name of Amelia. Her poetry, though seldom read nowadays, was popular for a number of years, being reprinted in collected form in 1844, passing through several editions, and in 1850. It was highly praised by the critics of the time, among them Edgar Allan Poe.

WHY sits she thus in solitude? Her heart Seems melting in her eyes' delicious blue; And, as it heaves, her ripe lips apart. As if to let its heavy throbbings through; In her dark eye a depth of softness swells, Deeper than that of her careless girlhood wore; And her cheek crimson with the hue that tells The rich, fair fruit is ripened to the core.

It is her thirtieth birthday! With a sigh Her soul hath turned from youth's luxuriant bowers, And her heart taken up the last sweet tie. That measured out its links of golden hours! She feels her inmost soul within her stir With thoughts too wild and passionate to speak; Yet her full heart—its own interpreter— Translates itself in silence on her cheek.

Joy's opening buds, affection's glowing flowers, Once lightly sprang within her beaming track; Oh, life was beautiful in those last hours, And yet she does not wish to wander back; No! she but lures in loneliness to think On pleasures past, though nevermore to be; Hope links her to the future—but the link That binds her to the past is memory.

Saved at Grave's Brink.

"I know I would have long ago have been in my grave," writes Mrs. S. H. Newcom of Detroit, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the worst forms of Indigestion, Waterbrash, Stomach and Bowel Dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 25 pounds." For Indigestion, Loss of Appetite, Stomach, Liver and Kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50c at Hall's drug store.

Steady Nerves Mean Self-Control!

No one save those whose nerves are shattered know the horror of the days of unrest—the nights devoid of sleep—the lack of self-control—the feeling of utter uselessness. No one but those who have used Dr. A. W. Chase's Nerve Pills know the great comfort they give to the weak, weary, nervous, restless, tired, sleepless, irritable and despondent. To such people they are a sheet anchor in time of trouble—a medicine that can and will carry them back to health, strength, vigor and the full enjoyment of life again as attested to by your own town people.

SOUTH SECOND ST.

Mrs. L. McFarland of No. 40 1-2 S. Second street, Newark, Ohio, says:

"Dr. A. W. Chase's Nerve Pills are a fine nerve tonic. They make one's nerves strong and steady—their sleep natural and their strength good where one is weak, nervous and sleepless. The Nerve Pills are just the thing and I shall keep Mr. Bricker of the City Drug Store in mind should I need more."

GERMAN STREET.

Mr. J. Harter, of No. 182 German street, Newark, Ohio, says:

"I was generally run down, felt nervous, slept poorly, back was weak and felt generally below the right mark. I was told to try Dr. A. W. Chase's Nerve Pills and got some at G. T. Bricker's City Drug Store and they certainly suited me. I regained health, strength and energy, sleep well and back all right. I am glad to recommend the Nerve Pills."

A COSTLY PRIMER.

Schoolteacher Gets \$2,500 For One He Paid 12 Cents For.

An original copy of the New England Primer which is said to be in better condition than the copies owned by Mr. Cornelius Vanderbilt and Mr. J. Pierpont Morgan was sold recently by Mr. Morris D. Dodd, of Johnston, Pa., to Messrs. Dodd, Mead & Co. for \$2,500, says a Philadelphia dispatch to the New York Herald.

Mr. High, who is a teacher in the high school at Johnstown, is a native of Oley, Berks county, Pa., and he purchased the primer for 12 cents at a public auction in a farmhouse near his home in 1830.

Mr. High received an offer from Mr. J. Pierpont Morgan for the primer, but Messrs. Dodd, Mead & Co. made a higher bid and got the prize.

Photography and the Schools.

Something that is revolutionary in the educational circles of Europe is the recent introduction of photography in French schools as part of the curriculum, says the Photo Era. The minister of public instruction has authorized a novelty in the French lycées for the term which is just beginning. The Lycée Condorcet, the largest and most important of the Paris schools, begins the experiment of a photography class, and if this proves successful there will be classes in photography once and after twice a week in every school under state control in France. Photography has assumed such importance lately that M. Chaumie, the minister of public instruction, considers that no French boy's education is complete without it.

Daring Shows in Naval Evolutions.

A boat's crew from the United States cruiser Don Juan de Austria made the first successful attack on the mine fields near Subig bay, says a dispatch from Manila. The boat capsized as it was approaching the mines, and part of the crew, with Ensign Babcock leading, swam a mile, though the water was infested with sharks, towing counter mine buoys, which were successfully placed. The searchlights of the warships did not discover the operation. Ensign Babcock and his men were congratulated on their courage.

NEW IN CONSTRUCTION WORK.

The bridge gang of the B. & O. is at work putting in a concrete arch near the electric works at Shelby. This is something new in railroad construction, only having been in use for a year or two past. The arch is built up from the foundations in one solid piece, and at the top is strengthened with iron beams running laterally through the artificial stone. These protect the construction in case the arch should crack or be damaged in any way. They are practical and will at any rate last for centuries.—Mansfield Shield.

Of the 12,398 German naval and military delinquents sentenced last year 42 were punished for dueling.

The net income of the firm of which J. P. Morgan is the head is said to have been more than \$70,000,000 in the year 1902.

List of Officers.

The installation of officers of Lick-

ing Camp, No. 32, S. A. W. V. was held

Friday evening. There were a goodly

number of the comrades present, al-

though the cold weather kept a large

number of the members from sur-

rounding towns from being present.

The officers-elect were installed in a

very able and acceptable manner by

Colonel Wm. C. Miller, recently ap-

After the installation ceremony

and the business of the camp had been

transacted, the members and the new

boys repaired to the banquet room,

where the ladies of the camp had pre-

pared a sumptuous spread. There

was good feeling and a hope for a

better year for the camp, all greatly

enjoyed the banquet. Afterwards

short speeches were listened to, while

the lights were passed. The officers

instituted were

Home Duties

The real heroines of every day are in our homes. Frequently, however, it is a mistaken and useless heroism. Women seem to listen to every call of duty except the supreme one that tells them to guard their health. How much harder the daily tasks become when some derangement of the female organs makes every movement painful and keeps the nervous system unstrung? Irritability takes the place of happiness and amiability; and weakness and suffering takes the place of health and strength. As long as they can drag themselves around, women continue to work and perform their household duties. They have been led to believe that suffering is necessary because they are women. What a mistake!

The use of Lydia E. Pinkham's Vegetable Compound will banish pain and restore happiness. Don't resort to strong stimulants or narcotics when this great strengthening, healing remedy for women is always within reach.

FREE MEDICAL ADVICE TO WOMEN.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. No man will see your letter. She can surely help you, for no person in America has such a wide experience in treating female ills as she has had. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

For proof read the symptoms, suffering and cure recited in the following letters:

"DEAR MRS. PINKHAM:—I wish to express to you the great benefit I have derived from your advice and the use of Lydia E. Pinkham's Vegetable Compound. My trouble was female weakness in its worst form and I was in a very bad condition. I could not perform my household duties, my back ached, I was extremely nervous, and I could not eat or sleep, and the bearing-down pains were terrible. My husband spent hundreds of dollars to get me well, and all the medicine that the doctors prescribed failed to do me any good; I resorted to an operation which the physician said was necessary to restore me to health, but I suffered more after it than I did before; I had hemorrhages of the womb that nothing could seem to stop.

"I noticed one of your advertisements and wrote you for advice. I received your reply and carefully followed all instructions. I immediately began to get stronger, and in two weeks was about the house. I took eight bottles of Lydia E. Pinkham's Vegetable Compound and continued following your advice, and to-day I am a well woman. Your remedies and help are a Godsend to suffering women, and I cannot find words to thank you for what you have done for me."—Mrs. LOTTIE V. NATION, 1328 N. J. Ave., N.W., Washington, D. C.

"DEAR MRS. PINKHAM:—I write to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I was suffering with falling of the womb and could hardly drag about, but after taking five bottles of Lydia E. Pinkham's Vegetable Compound I was completely cured. I am now a well woman and able to do all my work.

"I think your medicine one of the best remedies in the world."—Mrs. J. M. LEE, 141 Lyndal St., Newcastle, Pa.

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound has done a great deal for me. I suffered so much from falling of the womb and all the troubles connected with it. I doctored for years with doctors and other remedies but received only temporary relief.

"I began taking your medicine, and had not taken it long before I was feeling better. My husband said that I should keep right on taking it as long as it gave me relief from my suffering, as I could not expect to be cured by one or two bottles. I did so and am now able to be on my feet and work hard all day, and go to bed and rest at night. Thanks to your Vegetable Compound I am certainly grateful for the relief it gave me. It is the mother's great friend. I would not be without it in my house, for when I feel tired or out of sorts I take a few doses and feel all right.

"I would recommend your medicine to all tired mothers, and especially to those suffering as I was."—Mrs. R. F. CHAMBERS, Bennet, Neb.

TOM EVANS

Leaves for New York to Prepare for a Career on the Stage—Success Predicted.

Mr. Tom D. Evans, son of Mr. and Mrs. W. T. Evans, left at 1 o'clock this afternoon for New York City, where he will take a course of instruction in one of the dramatic schools in that city to prepare for a career on the stage, which his friends in Newark predict will be very successful. Mr. Evans had charge of the preparation of the play "Seven-Twenty-Eight," which the "Strollers" dramatic club of Ohio State University, presented in Columbus Friday night.

This morning's Journal has the following complimentary notice of Mr. Evans:

"The work of Mr. Jack Muir, who impersonated the part of the honked burglar, and the character acting of Tom D. Evans were worthy of stellar favorites, so near did they approach perfection."

WORTH KNOWING

At This Season of the Year.

Any cough accompanied by expectoration which lasts over three or four days, requires attention and treatment; this does not mean a visit to the hospital, nor to your physician nor wholesale drugging with patent medicines; but it means that some simple, harmless effective antiseptic remedy like Stuart's Catarrh Tablet should be used to ward off any possible termination in Pneumonia, Chronic Catarrh, Bronchitis, or Consumption.

All of this formidable diseases start from a common cold, neglected or allowed to run its course and it only takes exercise of common every day caution to cure a cold as quickly as possible, not so much for what it is at the moment, but what it may become if neglected.

Perhaps no remedy is so safe, reliable and convenient to stop a cold or obstinate cough as Stuart's Catarrh Tablets.

The extract of blood root contained in them combined with the red gum of the Eucalyptus tree seem to purify the mucous membrane of the nose, mouth and throat in a condition to throw off the germs of catarrh, bronchitis and consumption, and as the are taken internally they seem to equalize the circulation and place the body in that condition of health which resists, and throws off the germs of disease.

A person in perfect health rarely catches cold and if he does, throws it off in a day or two, but, where the cold hangs on, stepping up the nostril irritating the throat or there is persistent annoying cough it is evident that the system for some reason is unable to throw off the disease germs which cause the trouble. A little assistance is necessary, and this is best given by the use of some harmless germ destroying antiseptic like Stuart's Catarrh Tablets which are also palatable and equally so for children and adults.

Druggists sell these tablets at 5 cents full sized package, higher prices than troubles and cheap cough syrups, but Stuart's Catarrh Tablet contain antiseptic properties which actually cure colds, catarrh and throat and lung troubles, while it is a notable fact that cough drops and cough syrups are largely composed of opium, cocaine and similar drugs that have a narcotic power.

It is also true that many popular liquid medicines and tonics for catarrh depend upon the alcohol which contain which give simply a temporary stimulation of no real benefit to any trouble catarrhal or otherwise.

Beautiful Thoughts

The sweet, pure breath of the babe is suggestive of innocence and health. A mother's yearning for children is inseparable from a love of the beautiful, and it behooves every woman to bring the sweetest and best influence to bear on the subject of her maternity.

Mother's Friend

It is popularly used. It is a liniment easily administered and for external use only. Pregnant women should try this remedy, it being undoubtedly a friend to her during nature's term of suspense and anticipation. Mother's Friend, if used throughout gestation, will soften the breasts, thereby preventing cracked and sore nipples. All muscles straining with the burden will relax, become supple and elastic from its continued application. All fibres in the abdominal region will respond readily to the expanding cover containing the embryo. Mother's Friend is applied externally during pregnancy. Of all reliable druggists \$1.00 per bottle. Write for free book on "Motherhood." THE BRADFIELD REGULATOR CO., ATLANTA, GA.

MISS MAY MARKELL,

A Society Belle of London, Canada.

MISS MAY MARKELL of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

"I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

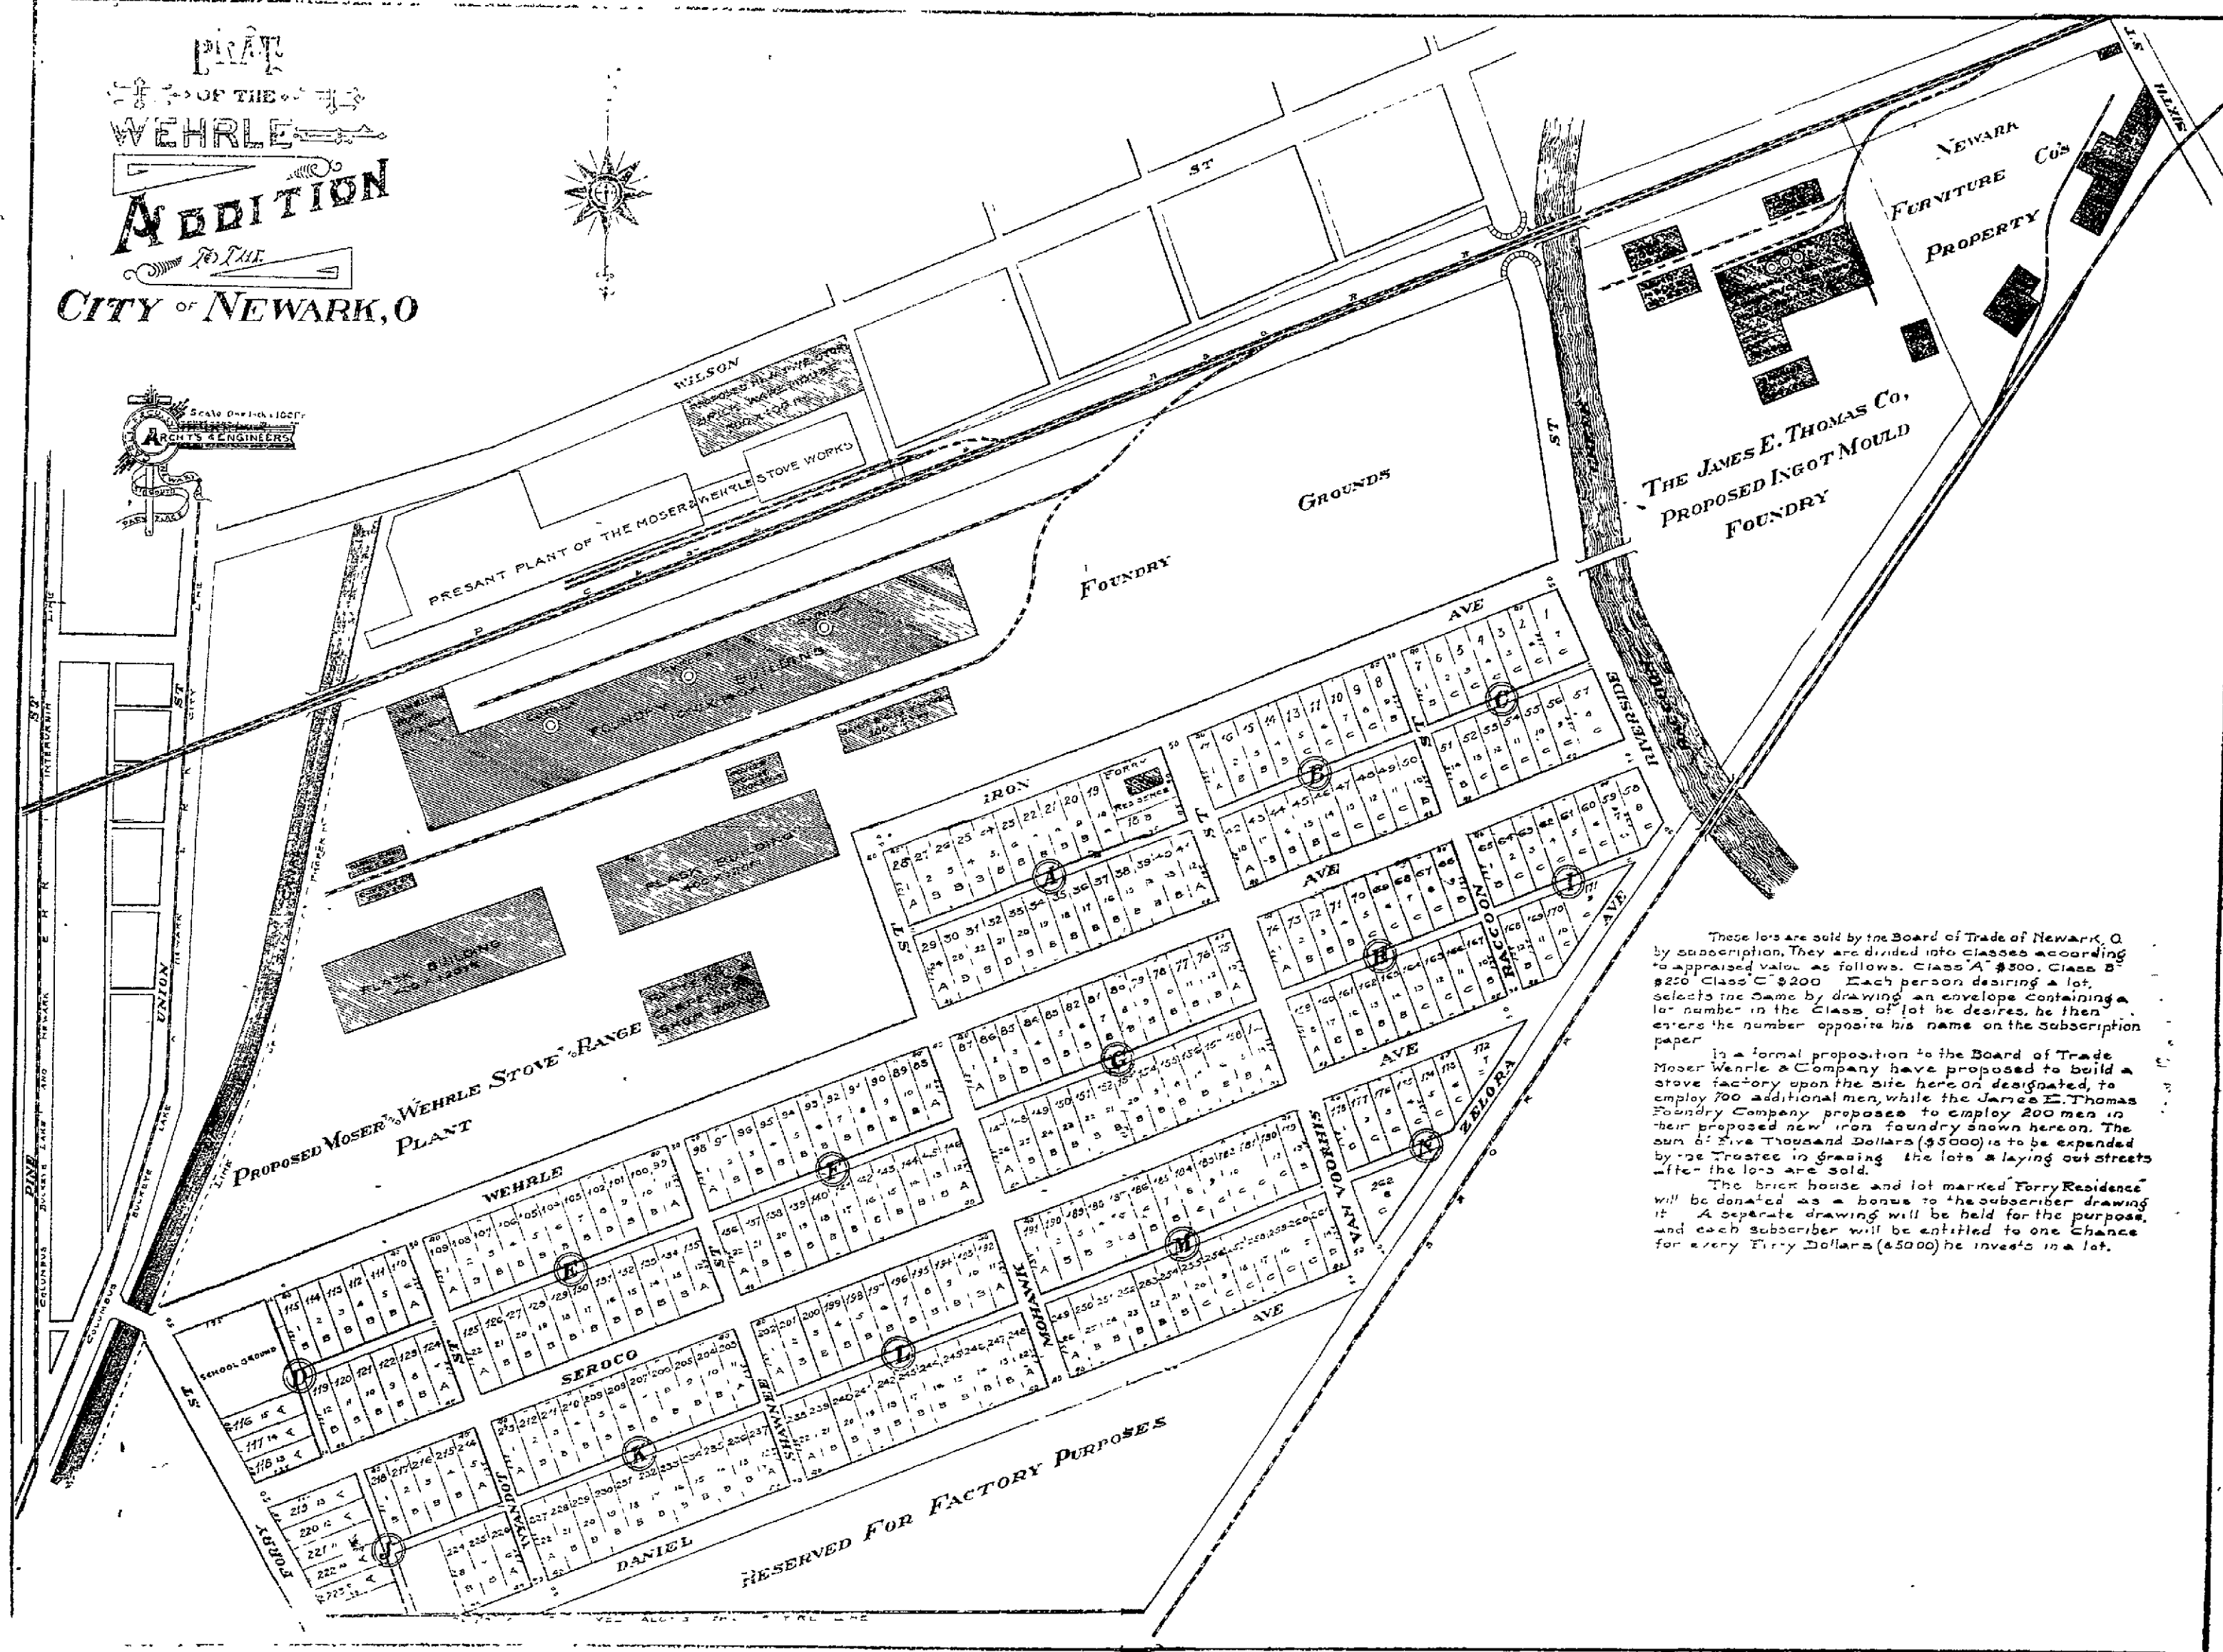

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of mature womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is woman's best friend from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

WEHRLE'S PROPOSED ADDITION

Location of New Factories and Dimensions of Each With Plat of the Lots That are Now Being Sold by Board of Trade to Secure Industries that Will Increase Newark's Population About 4,000.

These lots are sold by the Board of Trade of Newark, O. by subscription. They are divided into classes according to appraised value, as follows: Class A, \$500; Class B, \$250; Class C, \$100. Each person desiring a lot, selects the same by drawing an envelope containing a lot number in the class of lot he desires, he then enters the number opposite his name on the subscription paper.

In a formal proposition to the Board of Trade Moser-Wehrle & Company have proposed to build a stove factory upon the site hereon designated, to employ 200 additional men, while the James E. Thomas Foundry Company proposes to employ 200 men in their proposed new iron foundry shown hereon. The sum of Five Thousand Dollars (\$5000) is to be expended by the Trustees in grading the lots & laying out streets after the lots are sold.

The brick house and lot marked 'Ferry Residence' will be donated as a bonus to the subscriber drawing it. A separate drawing will be held for the purpose, and each subscriber will be entitled to one chance for every Five Dollars (\$5000) he invests in a lot.

The large drawing on this page, prepared by Carlisle & Cully, the architects and engineers of this city after a careful survey of the Ferry land shows the exact location of the proposed Wehrle stove foundry and the proposed iron mill of the James E. Thomas company together with the lots that are now being sold by the Newark Board of Trade.

Each lot is numbered and lettered to indicate the class to which it belongs. The \$300 lots, all corner lots except those on Ferry street, are marked A, all \$250 lots are marked class B, and the \$200 lots are in the C class.

The plat shows the Newark Furniture company's property (the old Lane Brothers Bridge Works) and the plant now operated by the Moser-Wehrle company. The Wehrle foundry when completed, providing the lot sale is finished by next Thursday, will employ 1250 men, the Thomas iron plant from 150 to 200 men, and the Furniture factory will shortly increase its force to 100 men. These workmen will increase the demand for houses in West Newark, and it is estimated that fully 400 houses must be built the coming spring. A lot in the Wehrle addition at the prices named will prove a splendid investment if a house is built upon it. It will be rented before it is finished.

Trustee S. F. Van Voorhis will spend \$5,000 out of the lot sale receipts in grading the Ferry land, laying

ing out the streets and alleys and putting them in condition for the builders.

The brick house marked "Ferry residence" on the map will be given as a prize to some lot buyer. With every \$50 paid on a lot one chance will be given and the drawing for the brick house will take place after the lots are paid for.

Columns have been printed in the Newark papers and much has been said to promote this enterprise. The proposition has received the written endorsement of forty business men of the city and at a mass meeting held Thursday evening in the council chamber every man present heartily approved of the Board of Trade's effort to land these two big factories. The council chamber was filled with representative men of the city.

While more than half of the lots have been sold, it will take much work to dispose of the rest of them before next Thursday night, which is the limit for completion of the task. At that time Mr. Wehrle has promised to tell his customers whether he will be able to take care of the increased business that is offered him and it is necessary to know by Thursday evening whether the people accept the proposition.

All of the people of the city are taking in favor of the project and many are working to accomplish the desired

result. If the reader knows of any one who will buy a lot or if he will buy one himself he is requested to telephone to F. M. Black, president of the Board of Trade, or to any member of the Board of Directors.

This is by far the best opportunity that Newark has ever had to make a big stride forward. Newark has the chance now to increase her population one-fifth within a year. Think what effect this will have on business, think how it will increase the value of the real estate of Newark, think of the increase in tax valuation, think of the work it means for all mechanics and laboring men, think how it will make Newark boom—and remember the success of this enterprise means that Newark will have the largest stove foundry in the entire world. It's worth a little effort. It's worth the investment. You buy a lot and get the worth of your money. The factories go up and you and every other person in the city is benefited. Then, too, you have a chance to get the \$5000 brick house for nothing.

About 125 lots have been subscribed. The list up to Saturday noon follows: Peoples National Bank, 5; Flock & Neal, 4; Newark Lumber Co., 4; Franklin Bank, 3; Benjamin Franklin, 3; First National Bank, 2; H. O. Norris, 2; P. Smith & Son's Lumber Co., 2;

These committees will meet at 9 a. m. sharp at F. M. Black's office. All members are requested to be prompt in meeting at the rendezvous so as to not delay the committee in its work.

The West End permanent committee is as follows: John Moser, chairman; F. M. Swartz; J. G. Bower; J. S. Fulton; Daniel Smith; Tinnel Buehler; W. D. Sinkey; A. H. Slason.

In the West End among the other places where plats and subscription blanks can be found are the groceries of John S. Fulton and Marion Swartz. All persons desiring lots can find everything necessary at either of these business places, to enable them to obtain the right to own one of the splendid lots.

"I tell you," said Mr. Wyzun, who was enlivening the family dinner by a lecture on financial topics, "the only way a man can succeed in any kind of business these days is to get in on the ground floor."

Meanwhile a porch climber was busily gathering up a miscellaneous lot of valuable jewelry and costly furs in the front bedroom upstairs.—Chicago Tribune.

With San Toy Company.
George K. Fortesque, the leading comedian with the San Toy company, which appears at the Auditorium Monday night, January 12, comes to Newark as no stranger, for he appeared in Newark at Wallace's Opera House over 20 years ago with the celebrated Wallace Sisters Comedy company as leading comedian, appearing in the role of "Princess" in the play of "Cinderella" which won favor in the hearts of Newark amusement-going people. Mr. Fortesque ranks high in the profession as a comedian, he having traveled several seasons with the Wallace Sisters (Jennie, Minnie and Maude) under the able manager Frank B. Dobson, one of four brothers, George, Charles and Henry, all leading banjo players of New York City.

(The above notice was written by a stage hand and usher of the late Wallace Opera House and now a faithful employee of the B. & O. shops.)

LODGE NEWS

GREAT STRIDES MADE BY THE
A. P. U.

New Feature Added This Week—
Twelve Branches in Ohio—Local Lodge News.

The American Protective Union within the past year has made most remarkable progress, from a society in the process of forming to a thoroughly well organized association, taking rank among the very first of the beneficial and insurance fraternal societies in Ohio.

The American Protective Union has paid sick and accident benefits, and at the instance of a large proportion of its membership has recently branched out into the life insurance business, and received their license from the State Commissioner of Insurance. The commissioner in issuing the papers most highly approved the plan adopted by the A. P. U. and at a banquet stated that he anticipated having legislation enacted, making it compulsory upon other fraternal insurance orders to adopt lines of work nearly analogous.

A particular feature of insurance in this order is that a straight life insurance policy of from \$500 to \$3000, has a cash value to the holder upon his withdrawal, which he may do at any time. The sick and accident benefits remain the same.

The supreme office of the order is at the Newark Savings Bank, and as will be seen by the following list of supreme officers, recently elected, some of Newark's most substantial citizens hold positions of trust and honor:
President, William E. Miller.
Vice Pres., E. L. Weisgarber.
Secretary, W. C. Taafel.
Treasurer, J. F. Lingafelter.
Medical Director, W. C. Rank, M. D.
Chaplain, Rev. J. C. Schindel.
Warden, A. L. Rawlings.
Guide, A. L. Simons, Newark.
Counselor, L. B. Houck, Mt. Vernon.
Guard, Jas. A. Rice, Canton.
Sentry, J. B. Moore, Newark.
Supreme Organizer, A. L. Simons with W. G. Taafel, E. L. Weisgarber and other supreme officers, during the past week, have installed officers in the Zanesville and Columbus councils in each case, being given a hearty and fraternal reception.

Every one connected with the order is well satisfied with the progress made during the past year, and the prospects for a coming year of even greater results.

The A. P. U. now has 2 branch lodges in Ohio. The Newark A. P. U. has over 500 members.

MASONIC.

A special convocation of St. Luke's Commandery No. 34 K. T. will be held on Tuesday evening, Jan. 13, at 7:30 o'clock sharp for rehearsal.

ROYAL ARCANUM.

The regular meeting of Bayard Taylor Council, No. 221, Royal Arcanum, will be held on Monday evening, on which occasion the officers elect will be duly installed, and quite a number of candidates will be initiated.

ODD FELLOWS.

The regular meeting of Olive Branch of Odd Fellows was held on Tuesday night. There was a good attendance of the members, and considerable business of importance was transacted, among which was the initiation of one candidate.

At the meeting of Olive Branch, No. 34, I. O. O. F., to be held on Tuesday evening, the officers elect will be installed into their several offices.

There was a good attendance of the members of Newark Lodge No. 623, on Monday evening, but no business other than routine was transacted.

The officers elect of Mt. Olive Encampment, No. 12, I. O. O. F., will be installed at the meeting to be held on Thursday evening.

At the meeting of Licking Lodge, No. 117, Daughters of Rebekah, held on Tuesday evening, the officers elect were installed into their respective offices by Mrs. Ruth Whitehead, district deputy, as follows:

Noble Grand, Mrs. Louise Reed.
Vice Grand, Mrs. E. Jeanette Moore.
Financial Secretary, Miss Laura Cummins.
Treasurer, Mrs. Mary Vogel, (this being the sixteenth time she has been installed).

The installation of the officers was followed by a banquet and a good social time.

What would you do the next time you have a hard cold if you couldn't get Ayer's Cherry Pectoral? Think it over.

J. C. Ayer & Co., Lowell, Mass.

and Olive Branch Lodge of Odd Fellows on Friday evening, January 16. The installation will be followed by a banquet.

There is such a demand for admission to the Odd Fellows' Home that it will soon be necessary to erect another building. No additional brother or widow can be admitted until there is a resignation or a vacancy by death. The overcrowded condition of the Home is giving the Board of Trustees no little worry, and the applications for admission is on the increase.

N. A. S. E.

Miller Association, No. 10, held a very interesting meeting on Tuesday evening. Brother D. E. Thompson of Granville, who has just received a commission as District Deputy from National President Ingleson, was present.

His first official duty was to install officers of No. 10 for the ensuing year, which he did in a very pleasing and masterly manner. The new officers are as follows:

President, C. F. Fink.
Vice President, J. W. Moore.
Cor Secy., J. A. McFarland.
Fin. Secy., Oscar Tanner.
Treasurer, W. G. Belt.
Conductor, O. P. Sutley.
Doorkeeper, Samuel Howar.
Trustees, C. W. Allen, George S. McClure, and D. E. Thompson.

Miller Association is now in a very prosperous condition, with good prospects for a successful year. All meetings are interesting and members that remain away from the lodge room are missing a great deal that would be valuable to them in performing their duty as engineers. The next meeting of the association will be held on Sunday, January 18, at 2 o'clock p. m.

ODD FELLOWS.

H. Billman, representative to the I. O. O. F., Grand Lodge, was in Pleasantville, Saturday, January 10th attending a district meeting preparatory to meeting the Grand Lodge in May, 1903.

HOME GUARDS OF AMERICA.

Newark Home, No. 34, met on Thursday evening with a large attendance, and quite a number of applicants for admission were led through the mysteries of the work. The contest between the two sides of the Home resulted in the Hustlers side winning, having as their Captain Brother Jas. McFarland. The losing side will banquet the members of the Home on the evening of January 22.

The next meeting of the Home Guards will be held on Thursday evening, January 15, when there will be a grand masquerade party. Every one is expected to come masked. A prize will be awarded to the homeliest couple. The program for the evening promises to be a very interesting one, consisting of games, recitations, music and other features. The ladies will serve a nice lunch.

AMERICAN PROTECTIVE UNION.
The regular meeting of Newark Council No. 1 was held on last Monday evening, Jan. 4, and a number of candidates were initiated. The members will hold their Anniversary Ball on Wednesday, January 21st at Brennan's Hall.

Rebekah Lodge.

The officers of Licking Rebekah Lodge No. 143 I. O. O. F., were installed Thursday night for the ensuing term by the special deputy, Mrs. R. Whitehead:

N. G., Mrs. Louise B. Reid.
V. G., Miss Etta Shaw.
Rec. Sec., Mrs. Jeannette Moore.
Fin. Sec., Miss Laura Cummons.
Treasurer, Mary R. Vogel.
R. S. to N. G., Mrs. Lora Hedrick.
L. S. to N. G., Mrs. Kate Floor.
R. S. to V. G., Mrs. Ruth Giger.
L. S. to V. G., Miss Jessie Freyre.
Warden, Mrs. Faust.
Conductor, Mrs. Jennie Johns.
I. G., Mrs. Stewart.
O. G., Mr. Clem Hall.
Chaplain, Mrs. Mary Kagey.
Organist, Miss Pearl Bourner.

Silver Star Council.

Silver Star Council, No. 8 met last night January 9, 1903, with good attendance. The usual order of business was transacted. A social was decided on in the near future. The next regular meeting will be January 23. Initiation and installation of officers will be the main feature of the evening.

Knights of Pythias.

At the meeting of Roland Lodge, Knights of Pythias, held on Wednesday

evening, the officers elect were installed and the Knight rank was conferred on two candidates. The officers were installed by Deputy Grand Chancellor Perry Pratt, assisted by Past Chancellors C. C. Forry, J. E. Pfeffer, William Graef and E. J. Baker, and were as follows:

Past Chancellor, Geo. Lippincott.
C. C., Wm. Beutlich.
V. C., J. C. Courliney.
Prelate, Charles Graef.

The A. O. H.

Division 1, A. O. H. met in regular session Friday evening. The attendance was good and notwithstanding the inclement weather there was a full turn out. At the first January meeting in each year there is an election and an installation of officers and the session last evening proved to be one of the most interesting that has been held for some time and every attention is being paid to a large membership of the order in this city. The officers elected were as follows:

Chaplain, Rev. B. M. O'Boylan.
County President, D. A. Murphy.
President, Edward C. Stapleton.
Vice President, Frank Kearns.
Recording Secretary, George O. Canterbury.
Financial Secretary, John J. Kinney.
Treasurer, John A. Prior.
Sentinel, John T. Sullivan.
Sergeant-at-Arms, Patrick Kennedy.
Trustees, William Duffy, Timothy Fitzpatrick, and John T. Sullivan.

After the election the officers were duly installed in a very full and satisfactory manner and it was declared the best meeting in the history of the Newark division. It was urged that every member who possibly can attend regular meetings this year do so, and the indications are for a large attendance at every meeting each month. The first meeting was an entire success.

Knight of St. John.

The several delegates recently appointed by St. Francis commander to attend the convention of the Fourth regiment, Knights of St. John at Columbus Sunday will fully attend tomorrow.

INTERURBAN DEPOT

On North Park Place Is Handsomely Fitted Up--City and Interurban Cars to Pass the Central Union Station.

One of the most complete, up-to-date, and handsomely appointed interurban depots, combined with offices and waiting room, in the state, has just been completed and made ready for occupancy by the Buckeye Lake, Newark and Granville, and Newark City lines, at 12 North Park Place. The two latter roads now have their headquarters here, while the Newark terminal of the Columbus, Buckeye Lake and Newark road will be moved from North Second street, where it now is, to the new office, about February 1st.

The room extends from North Park Place to the alley in the rear, being one of the largest in the city. The front half of the room is to be used as a waiting room, and seats have been placed here for about 100 people. They are new, comfortable and well arranged, with a large gas stove in the center.

The rest of the room is separated from the waiting room, except a passage way on the east side, by metallic grill work extending to the ceiling, thus separating the offices completely, so that the only way of entering the offices is by sliding, ball-bearing doors, opening only from the inside.

There are three compartments, the front one, or ticket office, being 14 x 14. This is a ticket office and for the information of the public.

The next compartment to the rear, 12 x 14, and connected by sliding door, is the general office, and to the rear is General Manager J. R. Harrigan's private office, and directors' room.

This room is 14 x 14, finished in oak, the upper portion, above the panels, to the ceiling being frosted glass, with four ventilators opening from the top. The hard wood floor is covered with a fine Smyrna rug, while the office fixtures are all of the best.

Superintendent, Harrigan's chief clerk, G. S. Shinnick, will remain in charge of the Newark and Granville and Newark City interests, while Mr. Herald Norgood, of Wisconsin, is the stenographer.

The Columbus, Buckeye Lake and Newark road has leased the building in the rear of the rooms occupied by the Newark Real Estate company, Newark Liquor company, and the Lyons' barber shop, to the alley that runs from Church street to North Park Place, between Byrnes' saloon and the barber shop. This portion will be used as a depot for express and baggage, which will be loaded on trucks and carried to the car, either on Church street or North Park place.

A switch at both ends of the alley, make it possible for a car to be left standing to be loaded, without interfering with regular traffic. The room at the west end of this portion of the building, just across the passageway from Mr. Harrigan's private office, will be used by ticket counters, who are now doing this work in Columbus. The clerks who now do this work will be brought from Columbus, and all conductors reports will be received at the Newark offices instead of Columbus.

The plans of General Manager Harrigan, when in operation, will make Newark one of the principal interurban centers in the state.

Mr. Harrigan is one of the best posted men in the United States on all subjects connected with the successful operation of interurban lines. He is a clear thinker, resourceful in plans for increasing the efficiency of the service, and has marked executive ability in the carrying out of his ideas. Besides this he is an approachable, accommodating and affable gentleman, whom it is a pleasure to meet.

AMUSEMENTS.

Quaintly dreamy and graceful is the music of "San Toy" the Chinese-English musical comedy which is to be seen at the Auditorium next Monday night, January 12th. This is the comedy which has accomplished the unprecedented feat of having made three distinct and separate runs at Daly's Theatre, New York, each of many weeks' duration. No other play of any description has ever done the same thing at a Broadway theatre. The Augustin Daly Musical Company, which is to be seen here in "San Toy" is one of the very best organizations travelling, coming legitimately by the name from the fact that they have played Daly's theatre each season on the lines laid down by the late Augustin Daly. Many of their present members of the organization were in the original company under his personal management.

When Reuben Comes to Town. "When Reuben Comes to Town," a musical comedy by Hermann Perlet will be presented at the Auditorium next Wednesday night, January 14, by a company headed by Mayme Gehrue. Mr. Perlet who is well known here as

SOCIETY EVENTS OF THE WEEK.

Milton Kline, a well known and popular B. & O. passenger brakeman, was the recipient of a very pleasant surprise at his home, 346 Elm street, on the occasion of the twenty-fourth anniversary of his birth. On this occasion a large number of his friends and relatives came in on him unannounced and took possession for the time being of his home. Milton, although greatly surprised, soon recovered from the shock, and was soon one of the merriest, devoting himself assiduously to the task of entertaining his self invited guests. The diversions of the evening consisted of games of all kinds, and some splendid music furnished by Mr. Kline's brother, Mr. Kline was the recipient of a number of beautiful and useful presents, and at 9:30 o'clock all were called into the dining room where an elegant supper prepared by Mrs. Kline, was partaken of. At 11 o'clock all left for their several homes, wishing Mr. Kline many returns of the pleasant occasion. Those who were present were Mrs. Kline, Mrs. H. G. Miller and daughters, Rosa and Flo, Mr. and Mrs. Edward Kline, Mr. and Mrs. Benjamin Coffman, Mr. and Mrs. Chas. Eagle and son, Forest, and Mr. Clifford Kline.

Mr. and Mrs. Will Ingler entertained with a pedro party on Monday evening at their home on Locust street. At the close of an interesting game the prizes were awarded to Mrs. Howard and Dr. Miller. Supper was served by Mrs. Ingler who was assisted in serving by Misses Hannah Magee and Rhea Ingler. Those present were Mr. and Mrs. Haight, Dr. and Mrs. Miller, Mr. and Mrs. Magee, Mrs. Reid, Mrs. Woods, Mrs. Howard, Mrs. Dick, Misses McNeal, Stella Howard, Besse Reid and Elizabeth Thomas. Mr. Charlie Magee and Mr. Kelley.

Miss Laura Smythe entertained in honor of Miss Caffee of Cleveland on Saturday evening. At the close of the game of pedro the prizes were received by Miss King and Mr. Dayton. Miss Smythe's guests were: Misses Flora Caffee, Amy Franklin, Ruby Franklin, Mary Haight, Jessie King, Mary Baldwin, Lettie Felix and Eva Thacker; Messrs. Harry Browne, Charlie Matthews, Dr. Anderson, Carl Dayton, Dr. Corkwell, Frank Bolton, Guy Jones, and Fred Gleichauf.

Master Shaddy Johns delightfully entertained twenty of his little friends in honor of his seventh birthday anniversary Friday, Jan. 9, from three to six. Lillie Shamp and Mary Raysinger entertained the little ones with merry games. Those present were: Fay Emerson, Mabel Shamp, Nellie Peepers, Helen Johnson, Edith Funk, Glenna Ferguson, Mary Walker, Hazel Wiley, Amy Montgomery and Ruth Johns; Masters Ray Peepers, Charlie Shrigley, Orville Broadbeck, Dallas Beeke, Frank Talbot, Carl Emery, Johnnie Walker, Charlie Bates, Harold Funk and Shaddy Johns. Shaddy received many beautiful presents.

A merry sleighing party was formed on Friday evening at about 5:30 o'clock, when at the close of the day's work, the clerks of J. J. Carroll's dry goods store enjoyed a sleigh ride in Hurburg's sleigh to Hebron, where they had supper.

Mrs. Clem Kinney entertained The Jolly Ten at a 12 o'clock dinner on Thursday at her home on West Main street. Covers were laid for Mrs. J. G. Lewis, Mrs. T. W. Tabler, Mrs. Geo. Galloway, Mrs. Add Stouffer and children, Mrs. E. Galloway and son, Mrs. George Hogrefe, Miss Nellie Galloway, Walter and Helen Kinney and the hostess. The afternoon was spent with music and needlework. Mrs. Kinney was the recipient of a beautiful silk umbrella from the club.

Mr. and Mrs. Albert Wolfe gave an elaborate dinner on New Year's day in honor of their daughter, Miss Mabel at their home south of Newark, followed by a fine social time in the evening. Music and dancing were the principal amusements. Those present were Mr. and Mrs. Calvin Williams, Misses Beall Taylor, Lou Smith, Bessie Vance, Maggie Taylor, Ada Irwin, Elma Benner, Zona Irwin, Maggie Watson, Ola Benner, Maude Tavenier, Mabel Wolfe, Alice Branton and Mrs. John Taylor; Messrs. Though greatly surprised, Mrs. Vogelmeier soon recovered and a jolly evening followed. She was present with a beautiful rocking chair. Dancing was the chief amusement of the evening.

KING'S NOVEL RECEPTION.

Carnegie's Musician, Almost Nude. Played Skibo Organ.

The London correspondent of the Philadelphia Press tells the following story of King Edward's recent visit to Andrew Carnegie at Skibo castle:

"The royal visit to the castle was a complete surprise to Mr. Carnegie, the King merely telegraphing him a few hours beforehand that he would arrive at a certain time. As luck would have it, Mr. Carnegie was asleep when the 'wire' came, and, no one dreaming that its sender was Edward VII., the message was not handed to the laird of Skibo until he woke up.

"Then there was considerable excitement. The king was due in five minutes, and Mr. Carnegie was in despair at the thought that not a single arrangement for his reception had been made. Then he had an inspiration. At Skibo there is an immense pipe organ which Mr. Carnegie had put in some time ago for his own pleasure. An organist who performs upon it is a permanent member of the millionaire's household. Mr. Carnegie determined that the organ should thunder out 'God Save the King' as his majesty entered the castle.

But when he sent for the organist the reply came back that the musician had gone down to the neighboring swinington pool.

"Have him out of the water, then," shouted Mr. Carnegie.

"And so they had him out. Actually dripping and clad only in a blanket, the wretched man was brought back to the castle on the run, borne into the concert room and plumped down on the organ stool. It was just in time, for the word passed that the king's carriage was coming up the driveway.

"An immense screen had been dragged in front of the organist, so that he was shielded from view, and thus, the water dripping from his hair, his fingers and his shoulder blades, the shivering musician played 'God Save the King' while one servant rubbed him with a coarse towel and another gave him brandy.

"As for the king, he was delighted with his musical reception, and when Mr. Carnegie told him the circumstances under which the national anthem had been performed his majesty laughed till his sides ached."

WEDDED AS HORSES RAN.

Novel Marriage Ceremony Performed in Flying Cab.

A most unusual and, from the point of speed, record breaking wedding occurred in Metropolis, Ill., the other afternoon, the contracting parties being Mr. Everett Barnes and Miss Birch Lane of Princeton, Ky., says the St. Louis Post-Dispatch. The wedding ceremony was performed in a cab by Judge Thomas Liggett while the wedding party was being driven at breakneck speed to catch a southbound Illinois Central train.

The couple had eloped to Metropolis and arrived on the northbound passenger, which comes into Metropolis just thirty minutes ahead of the southbound. They hurried to a cab and informed the driver that they wanted to be married and return on the next train. He drove them to the residence of Judge Liggett, and a messenger was at once dispatched for the license. He was delayed and did not return with the necessary papers until just three minutes before train time. Accordingly the party was hurried into the cab, together with the officiating gentleman, and while the driver was doing his best to make his horses reach the station in time the ceremony which made the two young people man and wife was performed in the cab. Just as they stepped upon the station platform as man and wife the train rolled in, and they had just enough time to respond to the conductor's "All aboard."

The increasing popularity of Coral Coral brand necklaces, grand chains and collarettes, which have been sold in great quantities during the past season, promise to be in even greater demand than ever before, says the Jewelers' Circular Weekly. From all indications the sales of coral articles by jewelers will eclipse the business which has so far been done in this material for many years. Coral is exceedingly becoming to all complexions, and this, it is believed, accounts in a large measure for its great popularity since the fashion of wearing this substance is revived.

EDUCATIONAL SEGREGATION

How the Policy Is to Be Pursued in Chicago University.

In the current issue of the Chicago University Record President Harper of the University of Chicago defines his ideas of segregation. He says in part: "The policy proposes the continuation of the separation which has already taken place in chapel assembly, with possibly an extension in the matter of division lectures. It permits construction in those courses offered to junior college students for which the registration is not sufficiently large to warrant division on an economical basis. For example, at the present time one-third of all the courses offered to junior college students, roughly speaking, will be offered to men, one-third to women and one-third open to both men and women. It would mean that as the members increase the number of courses retained as constructional on grounds of economy would be diminished. The plan makes necessary the provision of separate classrooms and laboratories."

Rural Routes.

The carriers on the different rural routes have been experiencing considerable trouble during the past several days in delivering their mail on account of the heavy snow. Carriers Dorsey of Route 4 and Marshal of Route 3 were unable to make their deliveries on Friday on account of the bad condition of the roads. Messrs. Byron Shaw and Leroy Dewese, the carriers on Route 9 displayed commendable enterprise in rigging up a snow plow with which they cleared the roads on their route for several miles.
